ADDITIONAL TRADE WASTE CHARGES AS PER SCHEDULE 1C OF THE TRADE WASTE BYLAW

Fees and charges are set annually by Council resolution and notified in the Annual Plan. The following charging categories apply to non-domestic/trade waste consumers.

A2 Additional trade waste charge

This is an annual charge for recovery of the marginal cost of providing additional trade waste capacity. This charge will be made using the methodology defined in Council's Trade Waste Bylaw. This charge will be made on the basis of multiples of domestic dwelling equivalents.

The Domestic Dwelling Equivalent (DDE) varies depending on the activity. To calculate the total trade waste cost charging groups based on DDE are as follows:

Charging group	Domestic Dwelling Equivalent (DDE) Band	Trade waste fee
A	<2 DDE	\$0
B	2 - <5 DDE	\$100.00
C	5 - <10 DDE	\$200.00
D	10 - <20 DDE	\$400.00
E	20 - <30 DDE	\$600.00
F	30 - <70 DDE	Determination required
G	<70 DDE	Determination required

A4 Trade waste consent application fee

This is payable with each Trade Waste Consent Application.

A5 Compliance or extraordinary application processing costs

Time and disbursement costs, as incurred on at a rate identified in the Long Term Plan. Extraordinary application processing or compliance costs will subsequently apply.

The Trade Waste Bylaw - methodology for calculating additional trade waste charges

The following methodology will be used to apply the fees and charges set out in The Trade Waste Bylaw. This methodology is based on principles outline in the Introduction to the bylaw.

1. The Council will prepare a schedule of non-domestic consumers from their rating database.
2. Using best available information and local knowledge, the Council will assess the business function or activity and estimate the relevant local capacity of usage criteria of each non-domestic consumer on the schedule.
3. From load factors for the generic business functions or activities, an average daily flow will be estimated. In special cases, organic load may be considered, if relevant to that activity or if it may have an implication to the sewerage system.
4. From the estimate of daily flows (or organic load in special cases), the ratio of flow estimated from the activity (or organic load) to that expected from a domestic dwelling and as identified will be calculated.
5. As the assessment is not necessarily highly accurate, the calculated ratio will be averaged into one of the following groups and the appropriate charge concluded.

Ratio	Group	Charge
1 - <2	A	1 - no additional charges
2 - <5	B	3 - additional trade waste charges

5 - <10	C	7 - additional trade waste charges
10 - <20	D	15 - additional trade waste charges
20 - 30	E	25 - additional trade waste charges
>30	F	Ratio x additional trade waste charges
>70	G	Formal trade waste consent application required

6. The assessment will be forwarded to the applicant as a provisional trade waste consent, with procedures defined in section 3.2 of the bylaw.
7. For application assessed or known to have a maximum flow greater than 50m³/day, a formal trade waste consent application shall be required to be submitted by the consumer.

For further information regarding the Trade Waste Bylaw contact the Infrastructure Services Department.

REGULATORY SERVICES - RESOURCE MANAGEMENT

Basis of charges

The Buller District Council has adopted a user pays policy for all resource consent applications and functions that the Council carries out under the Resource Management Act 1991. The purpose of the charges is to recover the actual and reasonable costs incurred by the Council.

In setting these charges, the Council has had regard to the criteria set down in Section 36 of the Resource Management Act (RMA).

Timing of payments:

Most of the charges and amounts specified in this schedule (unless otherwise specified) are payable in advance of any action being undertaken by the Council. Pursuant to Section 36(7) of the RMA the Council need not perform the action to which the charge relates until the charge has been paid in full.

Deposits:

Deposits are initial charges payable at the time an application is submitted to Council for processing. Notwithstanding that a deposit may be paid, the Council will commence processing the application only when it is satisfied that the information received with the application is adequate.

Since resource consent applications can vary significantly in their content and nature, the Council cannot set a fixed charge that would be fair and reasonable in every case. The deposit shown in the schedule is the minimum deposit for that particular application category. A deposit higher than the minimum could be required and this would be dependent on the nature and scale of each specific application.

Final costs:

When the processing of an application has been completed and a decision has been made, Council will then finalise the cost of processing the application.

(a) Remission of charges

Pursuant to Section 36(5) of the RMA, the Council, at its discretion may remit the whole or any part of the charges listed.

(b) Additional charges

Additional charges may be required under Section 36(3) of the RMA where the deposit is inadequate to cover costs, to enable Council to recover its actual and reasonable costs relating to any particular application.

(c) Discount on the charges

Pursuant to Section 36AA of the RMA the Council will give discounts on administrative charges to applicants whose resource consents have exceeded the prescribed timeframes where the responsibility for the failure rests solely with Council. The refund will be in accordance with the Resource Management (discount on administrative charges) Regulations 2010.

Policy:

As a basis for additional costs under Section 36(3) of the RMA 1991, Council will assess such costs on the following basis:

- (a) Staff costs will be charged out at their hourly charge out rates as determined by the Department Manager from time to time.
- (b) Vehicle mileage rates will be charged at \$1.00 per kilometre plus GST for external charging. Travel for consultants will be charged at cost.
- (c) Staff travel time will be capped at one hour, plus applicable mileage.
- (d) Advertising, materials and laboratory costs will be charged at cost.
- (e) Costs for Hearing Commissioners and their disbursements will be recovered at actual rates.
- (f) Legal charges / peer reviews will be recovered at actual rates.
- (g) Costs for contractors and consultants will be recovered at actual cost.
- (h) An additional charge of 10% will also be applied to cover Council's cost in relation to outsourced consent applications.

List of charges:

A charge shall be made for each type of application or action listed. All charges unless otherwise specified in this table are a deposit and are inclusive of GST. All references are to the Resource Management Act 1991 and any subsequent amendments unless specified otherwise.
